Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 28 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Turning breezy and cloudy Tuesday, showers then rain arriving later.

Today:
Sunny start for most places but then becoming cloudy and breezy with scattered showers, these especially for the afternoon and possibly heavy. Late afternoon heavy rain reaches western areas. Maximum temperature 18 deg C (64 deg F).

Tonight:
Heavy rain moving eastwards this evening with most parts dry by the early hours. However, further showers are possible later in the night. Clear spells developing in the south. Minimum temperature 7 deg C (45 deg F).

Wednesday:
A bright start to the day, however cloud and showers will develop during the morning, though there will still be lengthy sunny spells, especially later. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
A very unsettled spell of weather with showers or longer spells of rain, these sometimes heavy or thundery. Temperatures slightly below average. Windy, with coastal gales at times.
